

The Champalimaud Foundation invites nominations and applications for the €1,000,000 António Champalimaud Vision Award

The annual António Champalimaud Vision Award will be presented in 2023 under a widened scope. The Award is enlarged to institutions, organizations and groups that have developed **innovations or new technologies with impact on the quality of life of the blind and visually impaired**, and which can be accessed by people in the developing world.

In addition, and as before, the 2023 Award is open to organisations with **outstanding contributions towards the prevention and alleviation of blindness and visual impairment, in developing countries.**

The award is directed to groups actively involved in fighting blindness and visual impairment in the field, or that **have developed innovations or new technologies for the blind and visually impaired with direct impact in developing countries**, and is based on the candidate's accomplishments.

Candidates will be considered by a distinguished international jury for the quality and distinction of their work; their achievements and the measurable impact of their pursuit; as well as the enduring amplifying effects of their activities.

The award may be used in any way that furthers the outstanding contributions of the recipients.

The deadline for submissions is January 15th 2023.

Entry forms and further information are available from the Champalimaud Foundation website, www.fchampalimaud.org
